

CALVES AGAIN

Occupy the Attention of Wheeling's City Legislators.

ORDINANCE AGAINST MUZZLING

The Animals while Steamboats are at the Public Landing—Messrs. White, Dovenor and Howard Address Council. East End Park Appropriation that Falls to Appropriate—An Extensive List of Routine Business was Transacted.

A regular meeting of the city council was held last night. In the absence of President Maxwell, Dr. W. E. Stathers presided in the second branch, while across the hall, in the first branch, Mr. H. C. Richards presided in the absence of Mayor Caldwell. A quorum was present in each branch when the roll was called.

The clerk's monthly report showed balances, \$22,712.82. The report was received and adopted.

The committee on petitions and remonstrances recommended the granting of retail liquor licenses to S. A. Covert, 1120 Market street; Herron & Carey, 1047 Market street and John A. Arnold, 183 Seventeenth street. License was granted to all.

The committee on fire department reported bills, \$195.35; ordered paid.

The committee on cemeteries reported bills, \$25; ordered paid. The committee on scales reported bills, \$97; ordered paid. Bills from the police committee footed up \$438.28 (police \$197.50; city prison, \$150.78; ordered paid. Markets committee bills amounted to \$626.70; ordered paid.

The board of public works asked for authority to draw on the ten-cent levy fund for \$3,574.98. Mr. Waterhouse did not care to pay out so large a sum without the item being read. This was done by the clerk and the authority asked was granted.

The amount of money ordered paid out by council was \$5,167.24.

The committee on ordinances reported an ordinance repealing the present ordinance which provides for the muzzling of calves on steamboats at the Wheeling public landing. The ordinance also provides for the removal of calves from steamboats and public land immediately upon arrival of the steamboat. The ordinance went to its first and second readings.

Colonel White then addressed council, against the passage of the ordinance, for his client Mr. Goodhue, of the Wheeling stock yards. He objected to the provision which compels owners to remove calves upon arrival of the steamboats. He considered the section burdensome on consignees of calves, because they would be compelled to "stay up all night" waiting for the uncertain arrival of steamboats. He suggested that the boats be compelled to tie up at the foot of the Island or below the city until daylight. On behalf of his clients he asked that the ordinance be referred back to the committee on ordinances.

Congressman Dovenor spoke in behalf of the ordinance as it stands. He said the objectionable feature of the ordinance, from Colonel White's standpoint, was incorporated in the ordinance for the comfort of people living on the river front, who object to being kept awake by bawling calves. Proceeding, the captain ably defended the ordinance in whole and by sections. The ordinance inconveniences nobody. It simply requires consignees to do what they ought to do.

Colonel White again addressed council. After a pleasant passage of arms (words) between the gentleman named and Captain Dovenor, the colonel suggested that the calves could be landed above the city, where their bawling will hurt nobody. He would not object to the passage of the ordinance repealing the "muzzling" ordinance, but he hoped council would refer the other sections back to the committee.

Mr. Campbell spoke in support of the ordinance and did not see that any hardships would be created by its passage.

Mr. Howard said it was remarkable that an inoffensive animal like the calf could create so much contention and for once Captain Dovenor and himself were on the same side of the question. Proceeding, he spoke from the humanitarian point of view in support of the ordinance. This ordinance, he said, is in line with advancing civilization. In other cities such ordinances are in force. You cannot advance, he said, further, without stepping on some people's toes, but this ordinance is for the general good. He also said that Colonel White was wrong when he said Captain Dovenor knows nothing about slaughtering. He slaughtered a very dear friend of his (Howard's) two years ago. (Laughter).

Mrs. John K. List, Miss Cummins and Agent Robert McNeel, of the West Virginia Humane Society, were present but did not address council.

Messrs. Bender and Britt spoke in favor of the passage of the ordinance. Mr. Britt waxed eloquent in defense of the calf that suffers when "its liver is shrunk and its kidneys blue."

At 9:45 p. m., after an hour of oratory, the calf ordinance was read by its title and passed in the second branch, unanimously.

The retail grocers petitioned council to pass an ordinance providing an annual license for transient hawkers of \$100. Referred to the ordinance committee.

Jenkins & Englebright prayed for a reduction in license for their ferry in North Wheeling. Referred to the committee on petitions and remonstrances.

In the second branch, President Stathers reported the first branch had non-concurred in the adoption of the report of the committee on wharves, regarding the application of the West Virginia Sand Company for privileges on the public landing, and asked for a committee on conference. The committee on conference is made up of Messrs. J. A. Britt, Ebeling and Menckmiller, of the first branch, and Messrs. Campbell, Waterhouse and Bender, of the second branch.

A resolution for the appropriation of \$400 for improvements at the East End park, was introduced by Mr. Fair, of the Third ward. The resolution passed the second branch, 10 to 7.

A resolution for the establishment of grade on the old fair grounds and Zane's Orchard addition, was introduced by the committee on streets, alleys and grades.

A resolution for the removal of a Baltimore & Ohio watch box was referred to the board of public works.

A resolution for the removal of the Warwick pottery track on Twenty-second street, from the sidewalk to the street, was adopted.

The first branch non-concurred in the action of the second branch in appropriating \$400 for the East End park, because its expenditure is to be by the East End park committee. The first branch made the startling discovery that there is no such committee. The second branch concurred in the action of the first branch, but after having taken this action discovered that was not what it wanted to do. Before the mass could be unravelled, council adjourned, at 10 p. m.

Dr. Jepson's Report.

Douglas Republican Club.

A very largely attended meeting of the Douglas Republican Club was held at their club room in Odd Fellows' building Monday evening and considerable important business was transacted. President Greene B. Jefferson presided. The following executive committee was appointed: Jesse Dickson, chairman; H. B. Clemens, J. O. Gray, H. Roy, and Charles Lee. The club decided to attend the state convention at Parkersburg in a body on the 22d inst. The club members about one hundred voters and is constantly increasing. A meeting of the club will be held on Monday night next and all members are requested to be present.

Political Snapshots.

State Senator H. C. Lockney, of Calhoun county, who is an aspirant for the Republican nomination for state superintendent of free schools, is in the city soliciting the support of Ohio county delegates. The senator is making a very vigorous canvass for the nomination.

United States District Attorney C. C. Watts, of Charleston, who is now occupying considerable public attention through his efforts to become the Democratic gubernatorial candidate, is in the city looking to his fences. He is said to be rather weak in this county, but the attitude of the Ohio county delegation may change. It is said Ralph Snyder, Smith or Bennett will get the bulk of the Ohio county vote.

In another column, Chairman Dawson, of the Republican state executive committee, announces the reduced railroad rates that have been secured for delegates and others who will go to Parkersburg to attend the state Republican nominating convention next week. The Ohio River, Kanawha & Michigan, Monongahela River, West Virginia & Pittsburgh, Norfolk & Western, and West Virginia Central roads give a half fare. The following roads concede one-cent-per-mile rate: Baltimore & Ohio and Chesapeake & Ohio. Ohio county will send a large crowd of spectators to the convention.

WILL INTRODUCE "PYRO."

The Eastern Fair will be Given Here For the First Time by the "Owls."

Some very attractive posters have been distributed about the city announcing the O. W. L. Club outing, which is to take place at Mozart park one week from to-morrow. The weather is good the boys will have the largest picnic crowd of the season. They have arranged numerous special attractions, including fireworks and they will introduce for the first time in Wheeling the much talked of "Pyro Walk Around," which has become so popular in society circles in the east.

A large number of visiting members of the national organization will be here for the outing and, as usual, Hon. Philip Losere, of New York, will grace the occasion with his presence. Meister's full brass band and orchestra will furnish the music for the concert and dancing, which will continue from 2 o'clock in the afternoon until midnight. The club has arranged with Manager Wright, of the street railway company, for special cars to Belaire, Benwood, Bridgeport and Martin's Ferry after the close of the festivities, which will be greatly appreciated by the residents of those towns. In fact, nothing will be left undone to make "Owls" day a memorable one.

The Criminal Court.

In the criminal court yesterday the case of the state vs. Thomas Norton, charged with stealing a horse and buggy, the evidence of the state was heard and the court instructed the jury to return a verdict of not guilty.

In the case of W. C. Garlow, the forger, all the demurrers were set aside and the trial set for next Wednesday.

LAST summer one of our grand children was sick with a severe bowel trouble. Our doctor's remedies had failed, then we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave very speedy relief. We regard it as the best medicine ever put on the market for bowel complaints. Mrs. E. G. Gregory, Fredericktown, Mo. This certainly is the best medicine ever put on the market for dysentery, summer complaint, colic and infantile diarrhea. It never fails to give prompt relief when used in reasonable time and the plain printed directions are followed. Many mothers have expressed their sincere gratitude for the cures it has effected.

ABOUT PEOPLE

Strangers in the City and Wheeling Folks Abroad.

Mr. James P. Maxwell, who has returned from a fishing trip on the Potomac at Big Canepon, tells of an exciting incident there. He had to go ten miles down the river to catch a train for home; the river was a raging flood, having risen ten feet in three hours, but as it was necessary for the Wheeling man and his companion to catch the night train they decided to risk a trip on the flood-tided Potomac in the darkness. It was an exciting and perilous trip, but the ten miles were gone over in safety in less than an hour. For three miles, where the river was very swift, their boat was on even terms with a Baltimore & Ohio freight train that was going at least a fifteen-mile clip. They caught their train.
